

CONGRATULATIONS – WELCOME TO YOUR NEW JOB.

You have just become part of an organization that helps others and makes a difference in the lives of people in the community through United Way. As you begin your new job, we hope you will join your colleagues and become a contributor. You can sign up right now.

United Way makes a difference for many people all year by supporting programs that

- help children fall in love with learning so they can grow to be successful in school and life;
- help people gain the skills they need for careers that provide sustaining wages;

- provide basic needs for individuals and families like housing, food, and childcare.

Our programs are proven, and we work with many community partners to turn solutions into action. We work with volunteers in the community which includes our many business partners. Working together we make life better for people across our county. This is why your new employer works with United Way.

Join us as we work to improve lives. The needs are great and we can't do our work alone.

HOW CAN YOU HELP?

As a new member of your organization, you can join this important work immediately.

1. Speak to your Human Resources representative to find out:

- Number of pay periods left this year: _____
- Payroll deductions start date: _____

2. Visit: _____

3. Click on **Pledge Now.**

4. Complete the pledge process.

For more information contact Jennifer Remmes at jennifer.remmes@uwri.org or (401) 444-0612.
